1/ Households with a foreign-born householder are defined as foreign-born households, regardless of the nativity of other household members.

2/ The data in this table do not include the population living in group quarters.

3/ The majority of those born in 'Central America' are from Mexico.

4/ In married-couple households, foreign-born status and sub-region of birth refers to the householder.

5/ No spouse present.

6/ Households in which at least one member is related to the person who owns or rents the house (householder).
